SP KINGSTOWN

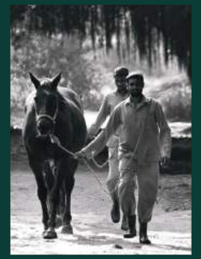

by Shapoorji Pallonji

Enveloped by Pune's Sahyadri mountains, SP Kingstown offers a unique blend of city and countryside living, with a focus on sustainability. At its heart lies the Manjri Stud Farm, an old equestrian center with a rich and regal legacy. The stud farm was originally established by Sir Sultan Chinoy. It then passed into the hands of the Scindia royal family. The stud farm was then bought by the Shapoorji Pallonji family. The landscape is adorned with century-old trees, retaining its original heritage and charm. SP Kingstown, an urban development of over 200 acres (~8,09,371 sq.m.), is home to the finest of Residences, Offices, Schools, Healthcare and Retail.

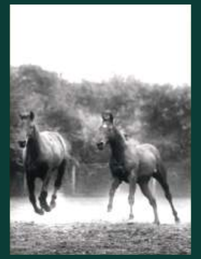

LAND OF LEGACY

Sir Sultan Chinoy and Partners lay foundation of Manjri Stud Farm in Pune.

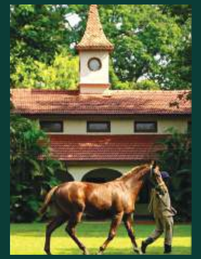

Operations passed onto the hands of the Scindia Royal Family.

Shapoorji Pallonji Group bought the Manjri Stud Farm from the Scindia Royal Family

Manjri Stud Farm rises steadily to become one of the top stud farms in India, producing several champion stallions every passing year.

The integrity of the buildings, the landscape, old structures and the magnificent trees have been retained by the present owners of the stud farm.

NATURALLY BLESSED

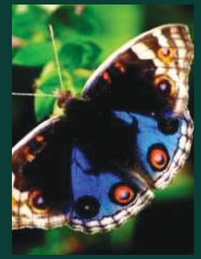

It is commonly known as the flame lily or fire lily due to its shape and striking fire-like color, seen in the Sinhagad area and while going towards Tamhini Ghat.

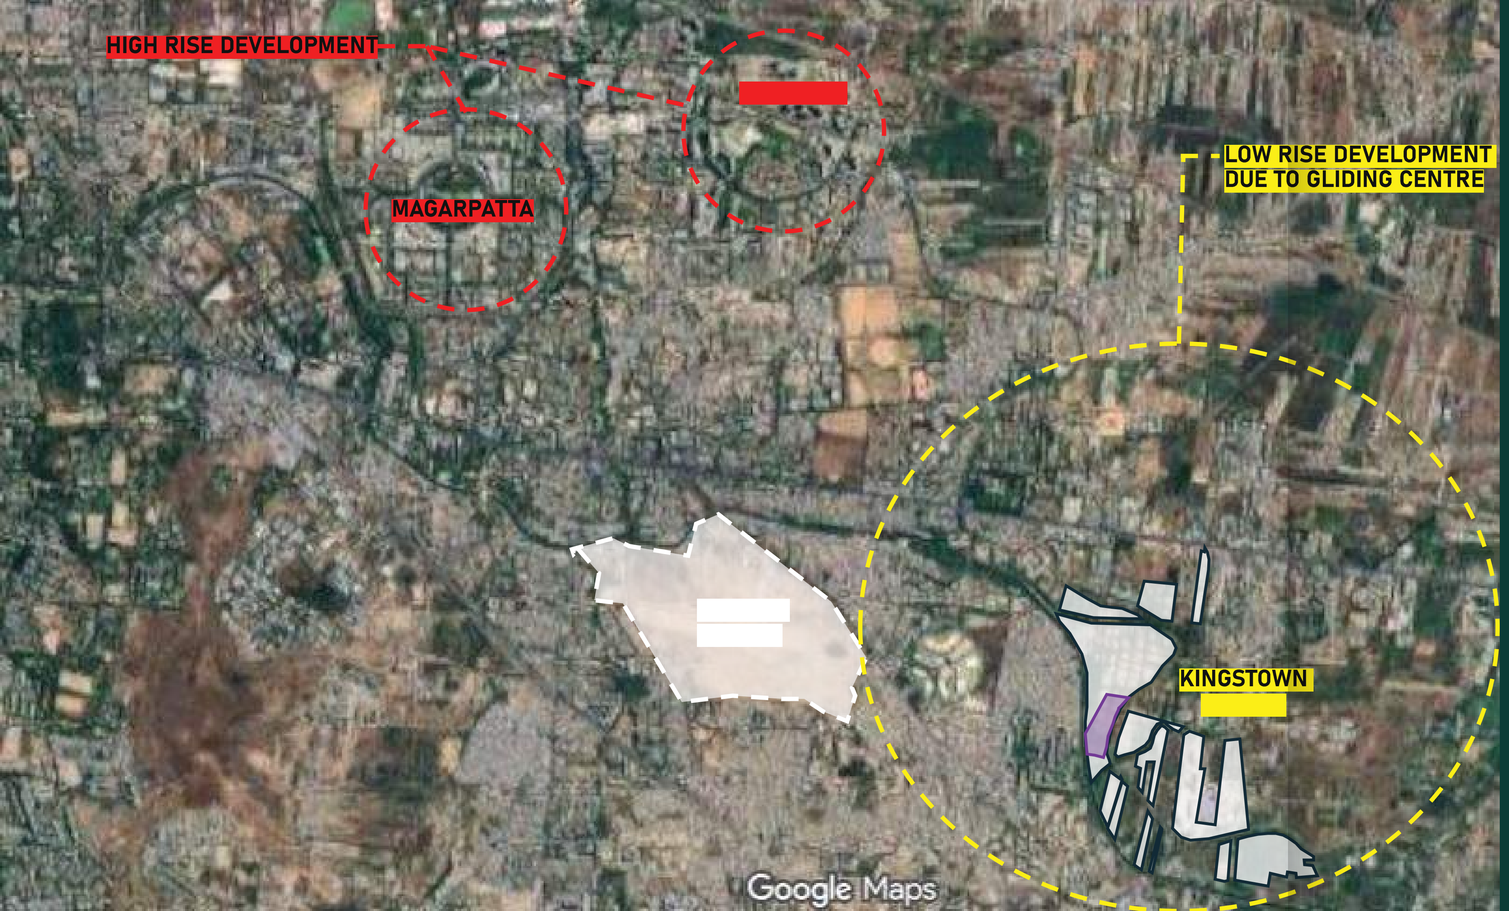

The Oriental Dwarf Kingfisher is a riot of beautiful colors, also known as the three-toed kingfisher, it visits Pune during monsoon.

This plant is hardy in most situations and grows in full sun to filtered or part sun. It withstands periods of dryness but does best with extra moisture.

Known as Blue Pancy, it has a stiff flap and glide style of flight and maintains a territory. It is found throughout India, commonly spotted around the Sinhagad area.

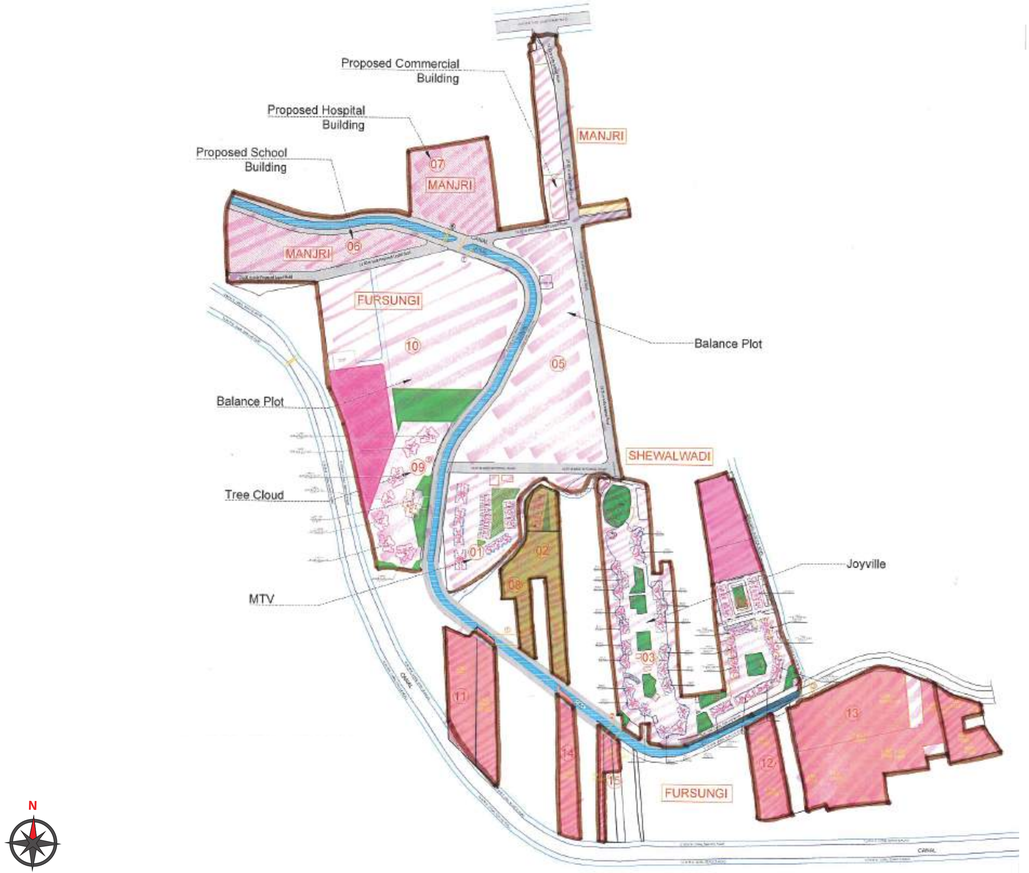

LOW-DENSITY LIVING

Proximity to a gliding center helps maintain lower population density in the area.
